

Clementine's Toxic Lovers - Going Down

```
I am feeling like I am going down
                                                                                                                                                                                                                        tom:
                                                                                                                           G (forma dos acordes no tom de Em )
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        So many ways, so many thoughts
  No one will fulfill your will
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        I hope someday, I hope it stops % \left( 1\right) =\left( 1\right) \left( 1\right)
