

# Clint Eastwood - I'll Love You More

tom:  
 Bb  
 Since the world began great loves there have been  
 This I know it true but I'll love you more  
 Other hearts may blend all that love intends  
 But they could never know how I love you  
 More each moment everyday  
 More than words can ever say  
 Deep and true and fine  
 Goes this love of mine

Untill the end of time  
 I'll love you  
 More each moment everyday  
 More than words can ever say  
 Deep and true and fine  
 Goes this love of mine  
 Untill the end of time  
 I'll love you  
 'Till the end of time  
 I'll love you
