Acordes

Wounded river push along
Searching for that desert song
And mozart's requiem will play
On tiny speakers made of clay
Tell my mother that i love her
Martin luther you're an angel

Charming monkey saunter swagger
Drunken donkey limbs disjointed
Your chest is a petting zoo
Mexican pony fucked up shoes
I dreamt one thousand basketball courts
Nothing holier than sports

Interlude (2x):

dm G

am

Dragonfly kiss your tail
Precious robot built so frail
Universe of milk and ember
Your hot kiss in mid december
What's god name i can't remember
Trough the crack eye lovely weather
