

# Cody Simpson - I'm Your Friend

Tom: C

When you're down and you cant call upon your mamma anymore  
 You can call you can call on me  
 When you're low we'll get high and dip our toes down in the  
 tide  
 cause no ones there to tell us come inside  
 And I know you believe in angels  
 Did you know I believe in you  
 And I know everybody goes through changes  
 But that just means we're all the same  
 All best friends start out as strangers  
 So rest easy cause I'm your friend  
 When You're lost and you cant find your way out of the trees  
 I will see the signal you set into the breeze

You know me well I will rescue thee  
 And I know you believe in lucky chance  
 That you know I meditate under the circumstance  
 And I know everybody goes through changes  
 But that just means we're all the same  
 All best friends start out as strangers  
 So rest easy cause I'm your friend  
 So rest easy cause I'm your  
 Sometimes when the sun is out the rain is really pouring down  
 If you don't want to think about it build a boat and float  
 around it  
 We are all the architects of everything that's coming next  
 Together we can build a bridge and walk away from all of this  
 When you're down and you cant call upon your mamma anymore
