

# Cody Simpson - Surfboard

Tom: G

She caught up in that new California love  
 I'm the kid from out of town, tryin' to get me so-o-o-o-o-ome  
 I ask her how her nights been  
 She said lets go for a night swim  
 And you know what she meant  
 So come on, let the ocean take us away  
 'Til we see the daylight come  
 And I know that its gettin' late  
 But we wanna stay  
 She on my Surfboard board board board board board board  
 She on my Surfboard board board board board board board  
 She on my Surfboard board board board board board board  
 She on my Surfboard board  
 Go ride it, SURFBOARD  
 ( Am C G F )  
 We woke up on the beach down in Mexico  
 She asked me how we got here and I don't kno-o-o-o-o-w  
 We got back in the water  
 The waves were crashing on her

And you know how it goes  
 So come on, let the ocean take us away  
 'Til we see the daylight come  
 And I know that its gettin' late  
 But we wanna stay  
 She on my Surfboard board board board board board board  
 She on my Surfboard board board board board board board  
 She on my Surfboard board board board board board board  
 She on my Surfboard board  
 Go ride it, SURFBOARD  
 ( Am C G F )  
 Summer lust on a summer dust  
 She told 'em girls can't surf with us  
 surf with us can't surf with us  
 Salts on her skin let me wantin' more  
 on the shore, love beach boys like 64, 64  
 Go ride on my Surfboard board board board board board board  
 She on my Surfboard board board board board board board  
 She on my Surfboard board board board board board board  
 She on my Surfboard board  
 Go ride it
