

# Colbie Caillat - One fine wire

Tom: G

Am F  
I try so many times  
C G  
but it's not taking me  
Am F  
and it seems so long ago  
C G  
that I used to believe  
Começa a batida:  
Am F  
and I'm so lost inside of my head  
C G  
and crazy  
Am F  
but I cant get out of it  
C G  
I'm just stumbling

F C  
And I'm juggling all the thoughts in my head  
F C  
I'm juggling and my fears on fire  
F C  
but I'm listening as it evolves in my head  
F C Am C Am C  
I'm balancing on one fine wire

F C  
And I remember the time my balance was fine  
C G Am  
and I was just walking on one fine wire

F C  
I remember the time my balance was fine  
C G Am  
and I was just walking on one fine wire  
F C Am  
but It's frayed at both the ends  
F C Am  
and I'm slow unraveling

Am F C G  
Life plays so many games inside of me  
Am F C G  
and I've had some distant cries, following  
Am F C G  
and their entwined between the night and sun beams  
Am F C G  
I wish I were free from this pain in me

And I'm juggling all the thoughts in my head  
I'm juggling and my fears on fire  
but I'm listening as it evolves in my head  
I'm balancing on one fine wire

And I remember the time my balance was fine  
and I was just walking on one fine wire  
I remember the time my balance was fine  
and I was just walking on one fine wire  
but it's frayed at both the ends  
and I'm slow unraveling

And I'm juggling all the thoughts in my head  
I'm juggling and my fears on fire  
but I'm listening as it evolves in my head  
I'm balancing on one fine wire...
