D G A G

I came apart inside a world

Made of angry people

I found a boy who had a dream

Makin' everyone smile He was sunshine

I fell over my feet like bricks under water

G A G A

How am I supposed to tell you how I feel, I need oxygen

D A

Oh baby if I was your lady

G

I would make you happy

A

I'm never gonna leave, never gonna leave

Oh baby I will be your lady, I am goin' crazy, for you

And so I found a state of mind

Where I could be speechless

I had to try it for a while to figure out this feelin'

This felt so right, pulled me upside down

To a place, where you've been waiting

G A G A

And you dont wanna keep me waitin'

Starin' at my fingers, feelin' like a fool

(Intro)

So tell me what you want baby tell me what you need,

Anything I ask baby give it to me, baby give it to me give it

to me.
