

Colbie Caillat - Something Special

Tom: D

A G A
I found a way to be everything i've dreamed of
G
and I know it's in me
A
that I will become
G
who I want to be
Em A Em A
and I finally found it and I'm taking the long way out
Em G D A
Cause it's gonna be, something special to me
G D A
Something special to me
G D A
Days go by

and I grow stronger

G D A
It takes time, but I'll never let go
G D A G D A
Days go by and I'll try harder to make it mine, I know...

G D A (etc...)
Something special to me
Something special to me
Something special to me

A
I've found (I've found)
G
so many things
A
I've dreamed of
G
and I know it's in me
A
that I will become
G
who I want to be

(same chords throughout rest of song)

and I finally found it and I am taking the long way out
Cause it's gonna be,
something special to me
Something special to me

Days go by and I grow stronger
It takes time, but I'll never let go
Days go by and I'll try harder to make it mine, I know...
It's something special to me

More than I hoped for
More than I dreamed of
This is how it should be.
More than I hoped for
More than I dreamed of
This is how it should be.
