

# Cold Weather Company - Someone Else

tom:  
 I, I left you alone  
 No visions of home, I'm letting go  
 For I am meant to be on my own  
 Your decision has shown, I'm letting go  
 For I, I've lost to someone else  
 And I, I've lost to someone else  
 Oh

I, I tried so hard  
 I gave all I could, I let down my guard  
 You, you left me so scarred  
 I've got to go away now, my fading star  
 For I, I've lost to someone else  
 And I, I've lost to someone else  
 Oh  
 Someone else
