There's a wild wind blowing
Down the corner of my street
Every night there the headlights are glowing
There's a cold war coming
On the radio I heard
Baby, it's a violent world
Oh love, don't let me go
Won't you take me where the street lights glow?
I can hear it coming
I can hear the siren sound

Now my feet won't touch the ground

(Gbm D A) 2x

Oh and time's a loaded gun
Every road is a ray of light
It goes o_____on
Time will leak and lead you on
Still it's such a beautiful night
Oh love, don't let me go
Won't you take me where the street lights glow?
I can hear it coming
Like a serenade of sound
Now my feet won't touch the ground
(Gbm D A)
o_____oh
Gravity, release me
And don't ever hold me down
Now my feet won't touch the ground (A)
