

# Coldplay - Life In Technicolor II

Tom: A

Riff 1 - acompanha quase toda a música:

(Na 2ª vez, as notas da corda 1 são trocadas como no parênteses)

Riff 2 - usado no refrão:

Intro: Riff 1 (4x)  
Gbm D A (2x)

There's a wild wind blowing  
Down the corner of my street  
Every night there the headlights are glowing  
There's a cold war coming  
On the radio I heard  
Baby, it's a violent world  
Oh love, don't let me go  
Won't you take me where the street lights glow?  
I can hear it coming  
I can hear the siren sound

Now my feet won't touch the ground

( Gbm D A ) 2x

Oh and time's a loaded gun  
Every road is a ray of light  
It goes o\_\_\_\_\_on  
Time will leak and lead you on  
Still it's such a beautiful night  
Oh love, don't let me go  
Won't you take me where the street lights glow?  
I can hear it coming  
Like a serenade of sound  
Now my feet won't touch the ground  
( Gbm D A )  
o\_\_\_\_\_oh  
Gravity, release me  
And don't ever hold me down  
Now my feet won't touch the ground ( A )

## Acordes
