tom: G I found life and I found laughter In forgiveness, I found rest On the shoulders of redemption Am I found hope when hope was dead  $% \left( 1\right) =\left( 1\right) \left( 1\right)$ G I could lose it in a moment So I dare not close my eyes I'll watch fear fall with the sunset And see hope rise with the tide And when the pain is true Sometimes these troubles prove that I'm alive  ${f My}$  eyes are open, my heart is beating My lungs are full, and my body's breathing I'm moving forward, I found my freedom G F C F C Am I found a life that gave me reason to live

As this dusty road now settles And I see what lay before Every tear that held a broken dream Is now shattered on the And now bursting forth in splendor are the blossoms of second Because dreams that bear the mark of love are dreams that never die Ohhh ohh ohh Sometimes life can feel so unkind Sorrow won't define me So just reminds my soul. My soul My eyes are open, my heart is beating My lungs are full, and my body's breathing I'm moving forward, I found my freedom I know this sorrow. I know the heartache G I know with fear comes a tragic heartbreak G2 G C Well I'm moving forward. I found my freedom Am G F G I found the life that gave me reason to love
