tom:

Intro: G D Em D C

[Primeira Parte]

G D  
We drive through the woods  
Em D C  
Rich neighborhoods to watch  
G D  
We joked as we looked that  
Em D C  
They were too good for us  
G D  
'Cause socially speaking  
Em D  
We were the same  
C  
With runaway fathers and mothers  
Who drank  
G D Em  
A tale old as time, young love  
D C  
Don't last for life  
Em C  
And now I know, now I know  
Em C  
It's time to go, it's time to go

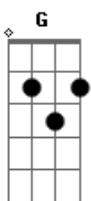

[Refrão]

G D  
We've traveled the seas  
Em D  
E've ridden the stars  
C  
We've seen everything  
From Saturn to Mars  
G D Em  
As much as it seems like you  
D  
Own my heart  
C  
It's astronomy, we're two worlds apart  
G D Em D C  
(It's astronomy)  
We're two worlds apart  
G D Em D C  
(It's astronomy)  
We're two worlds apart

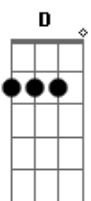

[Segunda Parte]

G D Em  
From far away, I wish  
D C  
I'd stayed with you  
G D Em  
But here face to face, a stranger  
D C  
That I once knew  
G D  
I thought if I wandered  
Em D
