tom:  
 G  
 Something's gotten into you  
 C F You don't really look at me the way you used to  
 C G And I'm hoping it ain't true  
 C Am Every single rumor that I've heard of?you  
 F G Say you were off with someone that I don't know  
 C Am Callin' other people on your telephone  
 F G C Kinda wish I didn't know  
 F G C Well, fight or flight, I'd rather die  
 Am Than have to cry in front of you  
 F G C Fight or flight, I'd rather lie  
 Am Than tell you I'm in love with you  
 F G C My eyes are welling up  
 Am As you admit there's someone new  
 F G C It's my move, fight or flight?  
 F G You tell me it ain't what it seems  
 C Am But, baby, this is lookin' like a crime scene  
 F G There's clothes thrown on the balcony  
 C Am And you smell like perfume out a magazine  
 F G I'm throwing all your shit outta my window  
 C Am

Telling you I wish that we had never spoke  
 F G C Baby, I already know  
 F G C Well, fight or flight, I'd rather die  
 Am Than have to cry in front of you  
 F G C Fight or flight, I'd rather lie  
 Am Than tell you I'm in love with you  
 F G C My eyes are welling up  
 Am As you admit there's someone new  
 F G C It's my move, fight or flight?  
 Am E Now there's someone at my door  
 Am E Someone I've not met before  
 F G They've got eyes like mine  
 C A pretty smile  
 Am F And they've been crying for a while  
 G C Am 'Cause they also didn't know  
 F G Am That our lover loved us both  
 F G C Well, fight or flight, I'd rather die  
 Am Than have to cry in front of you  
 F G C Fight or flight, I'd rather lie  
 Am Than tell you I'm in love with you  
 F G C My eyes are welling up  
 Am As you admit there's someone new  
 F G C It's my move, fight or flight?
