

# Conan Gray - Lookalike

tom:

Dm

[Primeira Parte]

Bb A G  
Let's go back to the summer night  
When we met eyes, it's like a movie line  
Bb A G  
Kissin' underneath the city lights  
But now you're laying in another guy's arms C Bb  
'Cause I'm all gone C Bb

[Refrão]

F  
But when you look in his eyes  
Do you think of mine? C  
And when you look at that smile F  
Do I cross your mind? Bb  
I know in your head Bb  
You see me instead A  
'Cause he looks a lot like I did back then G Bb  
Baby don't lie F C  
He's just a lookalike Bb

[Segunda Parte]

Bb A G  
Can't redo what's already done  
Can't compete 'cause I've already won  
Bb A G  
Sayin' this time, "It's really love"  
But honey, you're not fooling anyone C Bb  
Don't you know we're done? C Bb

[Refrão]

F

But when you look in his eyes  
Do you think of mine? C  
And when you look at that smile F  
Do I cross your mind? Bb  
I know in your head Bb  
You see me instead A  
'Cause he looks a lot like I did back then G Bb  
Baby don't lie F C  
He's just a lookalike Bb

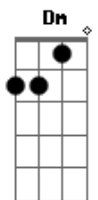

[Ponte]

Bb A G  
And I'll admit that I sometimes, maybe, might  
Think about you at night, well, almost every night Bb A G  
No matter how I try to hide Bb C  
And erase you from my mind G C  
I'm dying Bb A  
To find a lookalike Bb

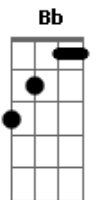

[Refrão]

F  
'Cause when you look in his eyes  
Hope you think of mine C  
And when you look at that smile F  
Hope I cross your mind Bb  
I hope in your head A  
You see me instead G Bb  
'Cause you've been in mine every day since then  
Maybe it's time to find a lookalike F C Bb  
No, I can't lie F C  
I need a lookalike Bb
