

Conan Gray - Lookalike

tom:

Dm

[Primeira Parte]

Bb A G
Let's go back to the summer night
When we met eyes, it's like a movie line
Bb A G
Kissin' underneath the city lights
But now you're laying in another guy's arms C Bb
'Cause I'm all gone C Bb

[Refrão]

F
But when you look in his eyes
Do you think of mine? C
And when you look at that smile F
Do I cross your mind? Bb
I know in your head Bb
You see me instead A
'Cause he looks a lot like I did back then G Bb
Baby don't lie F C
He's just a lookalike Bb

[Segunda Parte]

Bb A G
Can't redo what's already done
Can't compete 'cause I've already won
Bb A G
Sayin' this time, "It's really love"
But honey, you're not fooling anyone C Bb
Don't you know we're done? C Bb

[Refrão]

F

But when you look in his eyes
Do you think of mine? C
And when you look at that smile F
Do I cross your mind? Bb
I know in your head Bb
You see me instead A
'Cause he looks a lot like I did back then G Bb
Baby don't lie F C
He's just a lookalike Bb

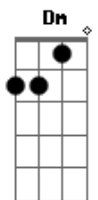

[Ponte]

Bb A G
And I'll admit that I sometimes, maybe, might
Think about you at night, well, almost every night Bb A G
No matter how I try to hide Bb C
And erase you from my mind G C
I'm dying Bb A
To find a lookalike Bb

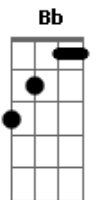

[Refrão]

F
'Cause when you look in his eyes
Hope you think of mine C
And when you look at that smile F
Hope I cross your mind Bb
I hope in your head A
You see me instead G Bb
'Cause you've been in mine every day since then G Bb
Maybe it's time to find a lookalike F C Bb
No, I can't lie F C
I need a lookalike Bb
