[Primeiro Parte]

Don't even finish that sentence, babe

Already know how this ends

You say "We're breaking up"

What a shame

Don't even wanna stay friends, God

[Pré-Refrão]

It's just so you

You're just so predictable

Won't you try something original?

Old news, reused

That's why I don't cry

[Refrão]

'Cause I got a feelin'

You're coming back

Just like you have in the past

Yeah, I got a feelin'

You'll be sending me trash

You shoulda left in the drafts

Yeah, I got a feelin'

You'll see me movin' on

And hate that I'm gone

I can see it

You're comin' back

Call me a telepath

[Segundo Parte]

Now's about the time the boredom hits (oh, look)

There you are at my door

Drunk and asking me for a kiss

When yesterday you said that you hate my guts

Now you're back in love?

[Pré-Refrão]

It's so you

You're just so predictable

[Ponte]

But, I betcha, I betcha, I betcha, I betcha

I'll call you when I'm cryin', yeah

I betcha, I betcha, I betcha, I betcha

You'll return in perfect timing

And I won't stop you from tryin'
