

Conan Gray - The Cut That Always Bleeds

tom:
 C
 [Primeira Parte]
 "I don't love you anymore"
 A pretty line that I adore
 Five words that I've heard before
 'Cause you keep me on a rope
 And tied a noose around my throat
 You're gone then back at my door
 [Pré-Refrão]

'Cause if you're gonna leave, better leave, better do it fast
 Can't live a little longer sitting on your lap
 'Cause you know what you're doin' when you're comin' back
 And I don't wanna have another heart attack
 [Refrão]

Oh, I can't be your lover on a leash
 Every other week, when you please
 Oh, I can't be the kiss that you don't need
 The lie between your teeth
 The cut that always bleeds
 (Ah-ah-ah)
 The cut that always bleeds
 (Ah-ah-ah)

[Segunda Parte]

Say you love somebody new
 Then beat my heart to black and blue
 Then they leave, and it's me you come back to (ah-ah)
 To say you loved me all along

And kiss the bruises 'til they're gone
 Bittersweet, 'cause I can't breathe inside your arms
 [Pré-Refrão]

'Cause if you're gonna leave, better leave, better do it fast
 Can't live another minute bleedin' from my back
 'Cause I don't have another one for you to stab
 And I don't wanna have another heart attack
 [Refrão]

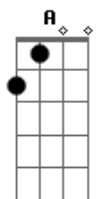

Oh, I can't be your lover on a leash
 Every other week, when you please
 Oh, I can't be the kiss that you don't need
 The lie between your teeth
 The cut that always bleeds
 (Ah-ah-ah)
 The cut that always bleeds
 (Ah-ah-ah)

[Ponte]

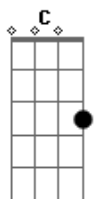

(Ooh-ooh-ooh) But even though you're killing me, yeah
 (Ooh-ooh-ooh) I need you like the air I breathe
 I need, I need you more than me
 I need you more than anything
 Please, please

'Cause I could be your lover on a leash
 Every other week, when you please
 Oh, I could be anything you need
 As long as you don't leave
 The cut that always
