

# Conan Gray - Yours

tom:

Intro: Bm G D Gbm

I'm somebody you call when you're alone

I'm somebody you use, but never own

I'm somebody you touch, but never hold

And you're somebody I'll never really know

I know I'm not the one you really love

I guess that's why I've never given up

'Cause I could give you all you want

The stars and the Sun But still, I'm not enough

Oh, all I really wanted was that look in your eyes

Like you already know that I'm the love of your life

Like you already know you're n'ever saying goodbye

[Refrão]

But I'm not yours, I'm not yours I'm not yours

I want more I want mor? But I'm not yours

I want more I want mor? But I'm not yours

And I can't change your mind But you're still mine

So tell me that it's time for me to go

'Cause you know I can't do it on my own

The only thing that's harder than sleeping alone Is sleeping with your ghost

Oh, all I really wanted was that look in your eyes

Like you already know that I'm the love of your life

Like you already know you're n'ever saying goodbye

[Refrão]

But I'm not yours, I'm not yours I'm not yours

I want more I want mor? But I'm not yours

And I can't change your mind

I should've known that it was dumb love Fifteen dozen roses

All the things that I've done For you not to notice

Can't believe I chose you Over all my best friends

What the fuck did I do? In the end

Just to not be yours
