

Confetti - Elephant In The Room

tom:
 I'm just the elephant in the room
 What's your best excuse? (Best excuse)
 I'm just the elephant in the room
 Do you really wanna be the one
 That makes this so uncomfortable tonight? Yeah
 When you could be one
 To set the record straight, you think it's not the perfect time, uh
 I wish I could be the one to make it easy
 But I'll remind you that you're gonna hurt some feelings
 So you slide around the issues and lay low
 Heaven forbid you got to dirty up the halo
 So
 I'm not gonna let this go
 Don't know what you're waiting for
 I'm not gonna let you go
 So
 I'm just the elephant in the room
 What's your best excuse? (Best excuse)
 I'm just the elephant in the room
 Better think this through, yeah
 You don't wanna talk about your feelings
 I'll be in the corner with the reasons
 I'm just the elephant

I'm just the elephant in the room
 Room
 (Dm Bb F Gm)
 I'm gonna be the darkest secret
 That you can't forget and keep back in your mind (my mind)
 So when people ask what's wrong with you
 You can't explain what's killing you inside (inside)
 I don't know why you got to cheat on what you stand for
 You try to look away, but I'm too big to ignore
 I can lay off if you say so
 A guilty conscious is obnoxious with no pay though
 So
 I'm not gonna let this go
 Don't know what you're waiting for
 I'm not gonna let you go
 So
 I'm just the elephant in the room
 What's your best excuse? (Best excuse)
 I'm just the elephant in the room
 Better think this through, yeah
 You don't wanna talk about your feelings
 I'll be in the corner with the reasons
 I'm just the elephant
 I'm just the elephant in the room
