I got my headphones on today
Now get your fake news outta my face
Ain't got no bills I have to pay
There could be a missile headed straight my way

Airbrush, airbrush, my life be like airbrush
Even when the world is the worst (woohoo)
Too much, too much, people complain too much
Hate me but that's not my concern

[Refrão]

I'm feeling so alive right now
I feel like I could fly
Like I could touch the sky right now
I guess I got my head in the clouds
(Wooo) Right now, right now
(Wooo) Right now, right now
(Wooo)
I'm not phased by the things you gotta say
I guess I got my head in the clouds

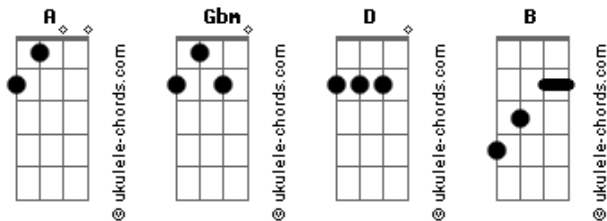

[Segunda Parte]
