

Conrad Sewell - Remind Me

```
Intro: G D Am G C
[Primeira Parte]
Please lay a little longer
     Am
Weight is on my shoulders, holding me down
Some days, it can?t get much darker
                Am
Feel it more than ever
When you?re not around
[Refrão]
                  Em D
When I think about love, you are right beside me
          Em G
I think about us, you will always find me
                 Em
When my heart is lost, I know that you?ll guide me
I think about all the little things that still remind me
[Segunda Parte]
These days, reflections like a stranger
You are so much braver, braver than me
Save me, save me from my demons
Teach to defeat them
And lead me to peace
[Refrão]
