

# Copeland - Erase

Tom: F

Intro: Dm F Bb

Dm F Bb  
Sweetest taste, your armor

I can never know  
Feeling, hold you're on it  
Bright as falling snow

Dm F Bb  
My heaven keeps me honest  
But you can see my grey has faded  
And you can't erase it

Dm F Bb  
never, I know you're waiting

Listening to your heart  
No one seems to notice  
That all my broken parts get mended

G Am Bb  
But I feel alone  
and you can't erase it again  
From my words your will was broken  
Knowing I'll never get it back

Dm F Bb Dm  
Feeling all your worries, I can never know  
Bleeding for your kindness, I cannot control  
Heaven or your hell when  
I have nothing to offer your now

G Am Bb  
When you feel alone  
But you can't erase it again

Dm F  
You're still the breeze upon my skin  
Close my eyes, breath you in  
I'm still the shadow that's in your night

C Bb  
Taking over until I fade into your light

Bb C F  
But you won't erase me  
Heaven or hell will have to wait  
You won't erase me  
So you just color me from grey

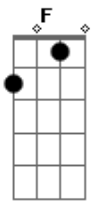

F Bb  
Oh, through the grey  
I thought I saw your face

F Bb  
In there I was searching  
And I saw these days  
When you didn't know my name, oh

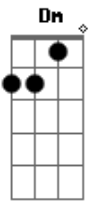

G Am Bb  
I can't help this awful feeling  
That I can't erase you

( Dm F Bb ) 2x  
( Dm F Bb F Bb G Am Bb )
