Lucy laid on her back

While my head's flying off the track

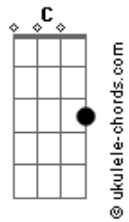

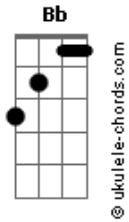

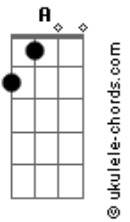

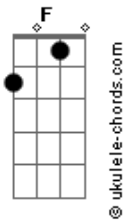

Laying still on the grass

When did days move so damn fast?

Hearing the words that I want

But we're still caught so off guard

Acordes

Sunny sky, stiff smile

Bb

While the beats race in my heart

Bingo, bingo, baby

I love you, ain't that crazy?

I want you, I want you over again

Bingo, bingo, baby

I love you, ain't that crazy?

I want you, I want you over again
