

Corey Taylor - Sorry Me

tom:
C

[Primeira Parte]

C7M Em
This silence you've left me has me terrified

C7M Em
As simple as a complicated mind

C7M Em
I'm not what I used to be

Dadd9 C7M
But then again I'd love to be

C7M Em
Cold hard floors, another warm soft head

C7M Em
Screaming in my ears the words I never said

C7M Em
I might get over it

Dadd9 C7M
But then again here I sit

[Refrão]

F Am
Sorry me, I do believe I've failed you

F Am G
Time again to show you what I know

F Am
Suddenly I feel the need to save you

F E F
So stay right here until it's time to go

E F E
Ooooohhh

(C7M Em)

[Segunda Parte]

C7M Em
Things all stack up, waiting out my end

C7M Em
Seems the inner cancer's coming out again

C7M Em
I'll get to all of that eventually

Dadd9 C7M
But then again

C7M Em
I honestly forgot what I was going to say

C7M Em
I guess we all just think we're better off that way

C7M
We all deserve some time

Dadd9 C7M
But then again so do I

[Refrão]

F Am
Sorry me, I do believe I've failed you

F Am G
Time again to show you what I know

F Am
Suddenly I feel the need to save you

F E F
So stay right here until it's time to go

E F E F
Ooooohhh

E F E
Ooooohhh
