

Corinne Bailey Rae - Butterfly

Tom: A

In my mother's house there's a photograph
of a day gone past always makes me laugh

There's a little girl wary of the world
she got much to learn get her fingers burned

- Pre-chorus:

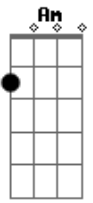

An infinty between you and me coz we're family

said that i'd be fine give me all your time
and I left your side like a butterfly

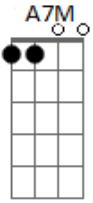

- Chorus:

shower me with your love all of everyday
you make the red rose sun shine on me
lift me up so high watch me fly away
would you live your life like a butterfly
