

Cory Asbury - Where I Belong

Tom: C

(verse)

Your presence is all I am longing for
 Here in the secret place
 Your nearness is all I am waiting for
 Here in the quiet place,
 Here in the secret place
 My soul waits for You alone
 Just like the watchmen wait for dawn
 Here I've finally found the place
 Where we'll meet, Lord, face to face

(refrão 1)

I've finally found where I belong,
 I've finally found where I belong,

I've finally found where I belong in Your presence
 I've finally found where I belong,
 To be with You, to be with You

(refrão 2)

I am my Beloved's and He is mine,
 So come into Your garden and take delight in me
 Take delight in me

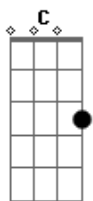

(bridge)

Delight in me, delight in me
 Delight in me, delight in me

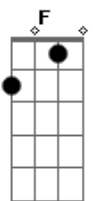

(tag)

Here in Your presence, God, I find my rest
 Here in Your presence, God
