

Cosmo Sheldrake - Does The Swallow Dream Of Flying

tom:

C

[Primeira Parte]

Does the swallow dream of flying
 As it sleeps on the wing
 Does it long for the summer
 As it flies home for spring

[Segunda Parte]

Does daisy feel a sadness
 At the last rays of sun
 Does the wind feel a gladness
 At the work that it's done

[Refrão]

I won't go making mountains
 Out of molehills
 Anymore

I won't go chasing windmills
 Round in circles
 Anymore
 I won't go preaching sermons
 To the choir what's it for?
 I won't go through the motions anymore

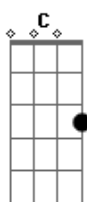

[Terceira Parte]

Does the river ever wonder
 What will come round the bend?
 As it twists and meanders
 Down its slow descent

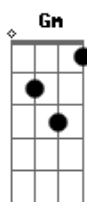

[Quarta Parte]

I looked out over London
 With my last cup of tea
 My gaze was returned by
 Grey cloud and steel
