

Counting Crows - Colorblind

Tom: **C**

This is a song designated for piano, but since I figured out the piano part, I figured I'd let all guitarists have a shot at it...

That entire riff is repeated for the entire song...the chords are

Am for the first measure...then **F** for the last three measures...

This part sounds so much better on piano than it does on guitar, but oh well!

Peace...Love...and Counting Crows FOREVER!!!-Sharon
