

# Counting Crows - Hanginaround

Tom: G

The solo needs work but everything in the solo up to the asterisk is the correct notes  
Intro:

F C G  
She sat right down on the sofa  
And says where have you been  
I've been waiting for you  
And last night I had something so good  
These days get so long and I've got nothing to do  
Ive been hanging around this town on a corner  
Ive been bummin around this old town so long  
Ive been hanging around this town on a corner  
Ive been bummin around this old town for way too long  
We spent all day getting sober  
Just hiding from daylight  
And watching tv (...fading away)  
We just look a lot better in the blue light  
Well you know I gotta get out  
But Im stuck so tight  
Weighed by the chains that keep me  
 , hanging around this town on a corner  
I've been bummin around this old town so long  
I've been hanging around this town on a corner  
I've been bummin around this old town for way too long

Solo:

F C G  
This girl listens to band plays  
She says where have you been  
Been laying right here on the floor  
I got all this time to be waiting for what is mine  
To be hated for what I am after the light has faded  
Ive been hanging around this town on a corner  
Ive been bummin around this old town so long  
Ive been hanging around this town on a corner  
Ive been bummin around this old town for way too long, hey  
Ive been hanging around this town on a corner  
Ive been bummin around this old town for way too long  
Ive been hanging around this town on a corner  
I've been bummin around this old town for way, way, way, way,  
too long  
G way, way, way, way, too long C  
G way, way, way, way, too long F C  
G way, way, way, way, too long F C  
G way, way, way, way, too long F C  
G way, way, way, way, too long F C  
G way, way, way, way, too long F C  
G way, way, way, way, too long F C

/ = Slide  
h = hammer on  
p = pull off

## Acordes
