From "Recovering the Satelites"
Tabbed By Snap
pm:palm muted
h:Hammer on
/:Slide
Intro: (Rhythm Guitar)
repeat x4 then play: repeat x4

Intro: (lead guitar)
Its the same thing up until, the rhytymn plays the A chord
at that point the lead goes like this:

Verse(rhythm)
The verse part is pretty non-existent in this song so I Just
play what
the organ plays which is:
(clean tone)repeat throughout the verse

the verse part for lead is really pretty simple to figure out
he just
bends some notes on the B and high e strings around the 10th

and 12th
frets and stuff like that.

The chorus is the exact same as the Intro for both parts

Bridge (rhythm)
he strums each chord 7 times except for the A which is only
twice

Bridge(lead)
repeat this twice

Guitar solo

Thats it actually they go into another verse then a chorus
thats extra
long and the song ends,its a cool song,fun to play well feel
free to
write me and tell me what u think!
