

Counting Crows - Shallow Days

Tom: A

A
Mary-Jaine says its alright, she's just around the corner
from the main line

A
Any day now, its alright. She's standing on the precipice of
big time

A
And I know I'm a little up tight. I got to go before the sun
shine

A
We're just a couple small people squeezing out a life. We
need a little good time

Gbm E D
Its not far from here. Mary comes and goes. Drifting
through the

Gbm E D
scenery of shallow days below. And then as everybody knows
you follow

A
trains out of town and they vanish somewhere under the
horizon Yeah well I saw

A
Mary-Jaine drag her shadow down the tracks, stair of into the
distance.

Gbm E D
Its not far from here. Mary waves hello. Smiling though
she's

Gbm E D
sinking in the shallow days below

Bm D Gbm
I can't find the way out of here, out on the road again

Bm D Gbm
I'm much much too concerned about Mary-Jaine. I'm all alone
again and

Bm D Gbm
I like what she said, but not what it means. She leaves
me drowning through the

Bm D Gbm E
shallow days, down below

I know I heard a band playing waltzes in a grange hall, the
sun is sinking lower

A
People stair at Mary-Jaine humming softly to herself. Ain't
nobody really knows her

A
And any day now its alright. She tells herself that this will
be the last time

A
And Mary-Jaine pulls her hair back and wonders what she'll do
with all the free time

Gbm E D
Not too far from here. Mary turns to go. Smiling while the
Gbm E D
waltz begins to dancin down the road, hey, hey

Bm D Gbm
Hey hey Mr. Freedom, what are we supposed to think?

Bm D Gbm
Cause I'm a very tiny person, and it worries me, out all
alone again and

Bm D Gbm
I like what she said but not what it means, she leaves
me drowning in the

Bm D Gbm
shallow days way down below

A
D
Hey, yeah yeah yeah...ooooh yeah yeah yeah yeah yeah yeeah
yeah yeah yeah

A
D
I'm sorry. She said "I know, its not the kind of thing you
want. I'm falling, falling

A
D
down" I'm sorry. She said "I know, I'm not the kind of girl
you want We're

D Gbm E
falling, ooooooh

D Gbm E
Falling, ooooooooh

D Gbm E
Falling, falling down...
