

# Courtney Parker - Her Last Words

Tom: A

(com acordes na forma de F )

Capostrate na 4ª casa

**Dm** **C**  
Just an average girl She always wore a smile  
**Bb** **F**  
She was cheerful and happy for a short while  
**A** **Bb**  
Now she's older, things are getting colder  
Life's not what she thought, she wishes someone had told her

**Dm** **C** **Dm**  
She told you she was down, you let it slip by

**Bb**  
So from then on she kept it on the inside

**F** **A**  
She told herself she was alright  
**Bb**

**C**  
But she was telling white lies Can't you tell? Look at her  
dull eyes

**Dm** **C** **Dm**  
Tried to stop herself from crying almost every night

**Bb** **F**  
But she knew there was no chance of feeling alright

**A**  
summer came, all she wore was long sleeves

**Bb** **C**  
'cause those cuts on her wrists were bleeding through you see

**Dm** **C** **Dm**  
She knew she was depressed, didn't want to admit it

**Bb** **F**  
Didn't think she fit in, everyone seemed to miss it

**A** **Bb**  
She carried on like a soldier with a battle wound,

**Bb C Dm**  
Bleeding out from every cut her body consumed

**Dm** **C** **Dm**  
She had no friends at school, all alone she sat

**Bb** **F**  
And if someone were to notice she would blame the cat

**A** **Bb**  
But those cuts on her wrist they were no mistake,

**Bb C Dm**  
But no one cared enough to save her from this self hate

**Dm** **C**  
Things were going down never really up,

**Bb** **F**  
And here she is now stuck in this stupid rut

**A** **Bb**  
She knew exactly what she had to do next,

**Bb C Dm**  
Just stand on the chair and tie the rope around her neck

**Dm** **C**  
She wrote a letter with her hands shaking wild,

**Bb** **F**  
"Look at me now are you proud of your precious child?"

**A** **Bb**  
But she knew that her parents weren't the ones to blame,

**Bb C Dm**  
It was the world that should bow down it's head in shame

**Dm** **C**  
She stood up on the chair and looked out at the moon,

**Bb** **F**  
Just don't think it'll all be over soon

**A** **Bb**  
The chair fell down as she took her final breath,

**Bb C Dm**  
It's all over all gone, now she's greeting death

**Dm** **C**  
Her mum walks in, she falls down to the floor,

**Bb** **F**  
And now nothing can take back what she just saw  
**A** **Bb**  
The little girl that she raised is just hanging there,  
**Bb C Dm**  
Her body's pale and her face is violently bare,

**Dm** **C**  
She sees the note and unfolds it with care,

**Bb** **F**  
All she does is stare, "How can this be fair?"

**A** **Bb**  
She starts reading as the tears roll down her face,

**Bb C Dm**  
"I'm sorry Mum, but this world is just not my place,

**Dm** **C**  
I've tried for so long to fix this and fit in,

**Bb** **F**  
I've come to realise this world's full of sin,

**A** **Bb**  
There's nothing for me here, I'm just a waste of space,

**Bb C Dm**  
I've got no reason to stay here with this awful race,

**Dm** **C**  
It's a disgrace, I was misplaced,

**Bb** **F**  
Born in the wrong time and in the wrong place,

**A** **Bb**  
It's ok though, 'cause you'll see me soon,

**Bb C Dm**  
You'll know when your time has come, just look at the moon,

**Dm** **C**  
As it shines bright, throughout the night,

**Bb** **F**  
And remember everyone's facing their own fights,

**A** **Bb**  
But i can't deal with this pain, I'm not a fighter,

**Bb C Dm**  
You'll make it through the night, just hug your pillow tighter

**Dm** **C**  
So let the world know that I died in vain,

**Bb** **F**  
Because the world around me is the one to blame,

**A** **Bb**  
And I know in a year you'll forget I'm gone,

**Bb C Dm**  
'Cause I'm not really something to be dwelled on,

**Dm** **C**  
That's what they used to tell me, all those kids at school,

**Bb** **F**  
So I'm going by the law majority rules,

**A** **Bb**  
My presence on this earth is not needed any longer,

**Bb C Dm**  
And if anything I hope this makes you stronger,

**Dm** **C**  
You're the best friend that I ever had,

**Bb** **F**  
Such a shame I had to make you so very sad,

**A** **Bb**  
Just remember that you meant everything to me,

**Bb C Dm**  
And to my heart, you're the only one that held the key,

**Dm** **C**  
Now it's time to go I'm running out of space to write,

**Bb** **F**  
And yes I lost my fight, but please just hold on tight

**A** **Bb**  
I'm watching over you from the clouds above,

**Bb C Dm**  
And sending down the purest and whitest dove,

**Dm** **C**

To watch over you and be my helpful eye,  
Bb F

So this is it world...Goodbye!"
