Craig David - Who You Are (feat. Mnek)

```
                              tom:
                  Am
Intro: Am  C  G
        Am  Em  F

           Am     C        G
'Cause the person they all see
        Am     Em      F
Doesn't matter much to me
        Dm        C        G
Already know that you're a star
    C            Em            F
But I just wanna get to who you are
        Am         C         G   Am
Who you are, are, are, are, are, are
 Em  F
Are
        Dm        C        G
Already know that you're a star
    C            G              F
But I just wanna get to who you are (oh, yeah)

Am        C            G
   I just wanna get to know you
Am       Em            F
   Know exactly who you are
Dm                C             G
   We'll build it up so we can break it down
C         G            F
  Just to tear it all apart (are)
Am             C       G
   Actin' like I am supposed to
Am             Em             F
A different journey to your heart (are)
Dm             C              G
   But we both know the cycle goes around
C         G                F
  Ends up way back at the start

           Am     C        G
'Cause the person they all see
        Am     Em      F
Doesn't matter much to me
        Dm        C        G
Already know that you're a star
    C            Em            F
But I just wanna get to who you are
        Am         C         G    Am
Who you are, are, are, are, are, are
 Em  F
Are
        Dm        C        G
Already know that you're a star
    C            G              F
But I just wanna get to who you are (are)

Am           C         G
   Baby, it's just an illusion, ooh, yeah (are)
Am         Em              F
   Another construct of our minds (are)
Dm             C                 G
   But when you know you're not on solid ground (are)
C           G                F
  You gotta pull up, press rewind (press rewind)
           Am     C     G
'Cause it used to be us right in the middle
        Am          Em      F
Now the middle's so hard to find (hard to find)
       Dm          C         G
When I know there's something left, just a little
   C              G                F
It makes me wonder what you're tryna hide

           Am     C        G
'Cause the person they all see
        Am     Em      F
Doesn't matter much to me
        Dm        C        G
Already know that you're a star
    C            Em            F
But I just wanna get to who you are
        Am         C         G    Am
Who you are, are, are, are, are, are
 Em  F
Are
        Dm        C        G
Already know that you're a star
    C            G              F
But I just wanna get to who you are (woah)

          Am      C     G
'Cause it used to be us right in the middle
        Am          Em      F
Now the middle's so hard to find (ooh)
       Dm          C         G
When I know there's something left, just a little
   C               G                F
It makes me wonder what you're tryna hide

           Am     C        G
'Cause the person they all see
        Am     Em      F
Doesn't matter much to me
        Dm        C        G
Already know that you're a star
    C            Em            F
But I just wanna get to who you are
        Am         C         G    Am
Who you are, are, are, are, are, are
 Em  F
Are
        Dm        C        G
Already know that you're a star (woah)
    C            G              F
But I just wanna get to who you are
