

# Crash Adams - Give Me a Kiss

tom:

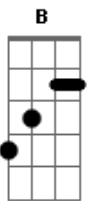

Sometimes  
 I wish that I could just quit  
 But then the other times  
 There's nobody better than this  
 Even though you never listen  
 And you're always right  
 I guess I would've never fit your type  
 Except for that first night  
 We're two kids under that moonlight  
 We ate McDonald's at midnight  
 Became the best of friends  
 I remember our first time  
 In Barcelona  
 That morning I was so hungover  
 I never thought that all roads led to this  
 So give me a kiss  
 Sometimes  
 You say that I'm just too much  
 But then the other times  
 Feels like I give you the world  
 And I won't give up  
 Oh, I never listen  
 And I take too long

And I guess I would've never fit your song  
 Except for that first night  
 We're two kids under that moonlight  
 We ate McDonald's at midnight  
 Became the best of friends  
 I remember our first time  
 In Barcelona  
 That morning I was so hungover  
 I never thought that all roads led to this  
 So give me a kiss  
 Give me a kiss  
 Give me a kiss  
 Give me a kiss  
 Except for that first night  
 We're two kids under that moonlight  
 We ate McDonald's at midnight  
 Became the best of friends  
 I remember our first time  
 In Barcelona  
 That morning I was so hungover  
 I never thought that all roads led to this  
 So give me a kiss  
 Give me a kiss  
 Give me a kiss  
 Give me a kiss
