G C G D  
I'm still young, but I know my days are numbered  
C G Em D  
1 2 3 4 5 6 7 and so on  
G C G D  
But a time will come when these numbers have all ended  
C G Em D  
And all I've ever seen will be forgotten  
C G  
Won't you come  
C G D Em C D  
To my funeral when my days are done  
C G  
Life's not long  
D C G D Em C  
And so I hope when I am finally dead and gone that you'll  
gather round  
C D G  
As I am lowered into the ground  
G C Em D  
When my coffin is sealed and I'm safely six feet under  
Perhaps my friends will see fit then to judge me  
When they pause to consider all my blunders

I hope they won't be too quick to begrudge me

Won't you come  
To my funeral when my days are done  
Life's not long  
And so I hope when I am finally dead and gone that you'll  
gather round  
As I am lowered into the ground

G C Em D

C G Am G  
If I should die before I wake up  
C G Am G  
I pray that the lord my soul will take but  
Em D C G Am D  
My body, my body, that's your job

I can't be sure where I'm headed after death  
To heaven to hell or beyond to the great vast  
But if I can I would like to meet my maker  
There's one or two things I'd sure like to ask

Won't you come  
To my funeral when my days are done  
Life's not long  
And so I hope when I am finally dead and gone that you'll  
gather round  
As I am lowered into the ground
