

Crazy Ex-Girlfriend - Generalize About Men

Tom: **E**

m
 Right now, we're angry and sad
C
 It's our right to get righteously mad
Am D
 At every member of the opposite sex
Em
 Oh God, we hate them!

Em
 Let's not distinguish between them at all
C
 Let's just drink a lot more alcohol
Am
 And then high-five each other
B
 As we make a bunch of blanket statements

C D
 Let's generalize about men!
B Em
 Let's generalize about men!
C D
 Let's take one bad thing about one man
B Em
 And apply it to all of them
C
 Let's conflate all the guys
D
 Let's generalize
Em
 About men!

Em
 All men are completely repressed
C
 All men only want to have sex
Am
 There are no exceptions
D Em
 All three billion men are like this (All 3.6 billion men!)

Em
 All men are emotionally stunted
C
 When asked how they feel, every man's always grunted
Am
 And why do men never listen and only think about themselves

B
 As opposed to women, who always listen and never think about themselves?
 (Ooh, I hear you, girl!)

C D
 Let's generalize about men!
B Em
 Let's generalize about men!
C
 Let's get super-lit
D
 And not admit
B Em
 This is some kind of primal ritual we need now and then
C
 Maybe our spirits will rise
D Em
 If we generalize about men!

C
 All men are stupid and childish
D
 Even the ones who are smart and mature
C
 All every man does every day
B
 Is watch porn, eat wings, burp, fart, and snore
 (Hey, what about gay men? Oh no, gay men are fine)

C
 Gay men are all really great
D
 Every single one
C
 They're never mean, just sassy
B
 They're all completely adorable and fun

C D
 So let's focus for now on straight men
B Em
 Let's just generalize about them
B
 (They're all monsters! They're murderers! They're rapists!
 Totally! Wait, I have sons.)
C D Em
 Your sons are gonna be rapists
