OUTRO

.....

The sun rises to another day  
 My constitution keeps changing  
 'Til it slips away  
 So I lie awake and stare  
 My mind thinking just wandering  
 Is anybody there? (he says Does anybody care?)  
 Should I stay or go  
 Should I sleep or stay awake  
**Am** I really happy or is it all  
 Just an illusion  
 Sitting in my room now  
 Hiding thoughts  
 Just hoping one day I'll get out  
 I hear a voice call my name  
 Breaking trance so silent  
 So I can stay the same  
 Should i stay or go  
 Should I sleep or stay awake  
**Am** I really happy or is it all  
 Just an illusion  
 Wait now, many things left unsaid  
 This life remains the same  
 But I change  
 I try to fool myself in believing  
 Things are going to get better  
 But life goes on  
 Should I stay or go  
 Should I sleep or stay awake  
**Am** I really happy or is it all  
 Just an illusion
