

## **Creed - On My Sleeve**

```
Tom: G
                                                                                         tattooed
                                                                                                                sleeve
   (intro)
                                                                                        It only hurts to breathe
                                                                ...blinding, no
                                                                (repeat verse)
                                                                (refrão)
                                                                (Last Part of Chorus 2 - transition to bridge)
(verse 2x)
                                                               it only hurts it only hurts...
           The
                         around
                                       are
                                                  cold
                 eyes
                                             S0
                                                                (bridge)
                                                                                               Ι
                                                                                                    shout
                                                                                                           out
               With every chance they steal my soul...
                                                               Can you hear
                                                (repeat x2)
                                                                                                    Mistakes
                                                                                                               have
                                                                                                                        cost
                                                                         years
                        Can
                                  you
                                              fix
                                                                                           Do
                                                                                                they
                                                                                                       cost
                                                                                                              you?
                                                               Are you
                                                                          like
                                                                                 me?
     what's
                                                  broken
                    made
                                 to be
                                                                                                   Tell
                      Ι
                                        fix
                                                        what's
                             can't
mean't to be
                                                                 me please...
(refrão)
                                                               Chorus Starts
                                                                                                                            on
             Heart
                      is
                           tattooed
                                                sleeve
                                                               this note)
                                      on
                                                                (refrão)
...hiding, no
                       It only hurts to breathe
```
