

Creedence Clearwater Revival - I Heard It Through The Grapevine Solo

Tom: **D**

As tabbed by: Braden

Here's the first solo from CCR's classic cover of "Heard It Through The Grapevine". This was done entirely by ear some some parts may be off, but it's pretty solid to work

with. I'm in the process of the other solos in this tune, and if you like this one feel free to request other CCR stuff via . Enjoy!
