

Critical Role - Your Turn To Roll

tom:
 The adventure begins
 They were always beside you
 Your nerdy best friends
 And the DM to guide you
 And they rise from the flames
 For the battles ahead
 Villains beware
 ?Cause you?re ?bout to be dead
 They got magic and flair
 They got falchions and cunning
 They don?t see over there

There?s a monster incoming
 Inspiration is waiting
 Rise up
 Don?t think twice
 Put your fate in your hands
 Take a chance
 Roll the dice
 Can you answer the call
 Digging deep in your soul
 As the legend unfolds
 Now it?s your turn
 It?s your turn to roll
