

Crocodile's Clock - Bob's Song

Tom: G

Can you color my world?
 Cause my world sometimes
 Is so black and white
 So, can you color my world?
 If you want, I know you can
 My friend, my friend Gabriel

You can put me in
 The red, pink, yellow and blue

How colors are better for you

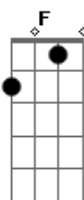

Can you color my world?
 Cause my world sometimes
 Is so black and white
 So, can you color my world?
 If you want, I stay with you forever
 And we'll find somebody to love

You can put me in
 The red, pink, yellow and blue
 How colors are better for you
