

# Crossfade - Everything's Wrong

Tom: G

Everything's Wrong - Crossfade

This is only the basic rhythm guitar part so anything beyond that and your on your own!

The chords in brackets are to make the transitions sound better and are only strummed about once. You don't have to include them if you cant figure out the timing but if you get it you can throw it in where I haven't if you so desire.

Intro: G C

Em (D) C  
It hurts to be alone

(G) C  
In the cell I call my home

Em (D) C  
But it heals me in my mind without you by my side

Em  
I feel so down and out and you never knew that about me, yeah

(D) C Em  
But we fought this all the way and now I know it was no mistake

But its all gone

C Em  
nothing feels good anymore

C Em  
everything's wrong, yeah

C Em D  
Nothing feels right anymore

C Em C Em  
I'm a slave to my anger everything holds me down

C Em D  
so I wont try anymore

C  
But its alright

(Same as before)

I left without a plan I knew you would not understand  
It all built up to this day made it too hard along the way  
Felt so full of doubt and the thought of running out kills me  
And I kept it close to home that I love being all alone  
But its all gone

nothing feels good anymore  
everything's wrong, yeah  
Nothing feels right anymore  
I'm a slave to my anger  
everything holds me down so I wont try anymore

(here the C to Em is done within very few beats)

C Em D  
And I'm still hangin' on

C Em D  
and I've tried so hard for you

C Em D  
and I'm still holding on

C Em D  
And Ive tried my best for you

(Same as previous chorus)

oh nothing feels good anymore  
everything's wrong. yeah  
Nothing feels right anymore  
I'm a slave to my anger  
everything holds me down  
so I wont try anymore  
but its alright
