```
                         B                        Ebm
I'm planning my release, tonight I'll speak the words
        B                          Ebm
I never thought I'd ever have to say to you
      Gb      Db  B                      Ebm
Hope it stings you so deeply for a moment you might see me
                        B
And I'll leave you there all alone
                       Ebm
One more thing that you should know
      Gb      Db  B
I'm not ever coming home
B
Think we should finally let this go
Gb Db B              Ebm
We both know it's the end of the road
Gb     Db B           Ebm
All I ever needed, someone to believe in
                   B
Anything that I could give
                          Ebm
```

```
Maybe there's something beautiful
        Gb      Db B
Hidden deep in my bones
                        Ebm
I'll give as far as I can go
                             B
Where I run you never will know
                           Ebm
When you left there lying alone
        Gb        Db  B
No, I'm never coming home
                            B
I think we had enough time to know
                Ebm                    B   Gb   Db    B
So know that when I go it's the end of the road, oooh
                  B                   Ebm  Gb  Db   B
Know that when I go it's the end of the road
          B      Ebm  Gb   Db    B
It's the end of the road
                      B    Ebm
And I'm never coming home
          Gb       Db       B
See, I'm never coming home
