

Crowded House - Help Is Coming

Tom: D

(com acordes na forma de B)
 Capostraste na 3ª casa
 - -Guitar Tablature- -

[from the 'Afterglow' Album]

Chords:

Gm: 353333
 Dm: 557765
 Dm: 557755
 Ebm: 668876
 C7: 335353
 Gm: 355343

[nb: instead of C7, could use Dm chord as this is easier on fingers]

Notes:

It could be useful to use a Capo on the 3rd fret, although not necessary.

song for most verses.
 When playing solo on the guitar, there are variations on the last third that could be played to give a livelier feel:

Furthermore, on the Gm chord throughout the song, you could also add a pattern like

Gm - Gm - G - Gm
 rather than strumming the one chord at time
 G [just bar the 3rd fret]

In the song, Neil just plays the single chord on the guitar whilst the instruments play variations giving different harmonics. The above are ideas when playing solo to provide such harmonic variances.
