Intro: **Am** **G** **F**  
I thought that I knew you but you're just a stranger

I used to feel safe but come the fun down you're the danger

Oh, you're the danger

[Primeira Parte]

As I watch you walk under your umbrella

Raindrops trickle down the side of your face

The way that you're walkin' as if you're tryin to taunt me

Ghost from the past raise from the ground

Just to come up and haunt me

Ohhh Starin' at the water stirin' up the deep

Hands that bring me farther

What I want is never what I need

What I want is never what I need

[Refrão]

La di da di da di da di da di da di da

La di da di da di da di da di da di da

Ohh let me feel alone

Let me feel alone

[Ponte]

And I ran way to far just to find out who i was

I found a pretty girl and her lipstick taste like blood

I hold to my affliction and I never say my name

I'm scared of her conviction and the way she makes me change

I met Jesus in a stairwell in a bar in New Orleans

Not at all what a thought so I ran away from dreams

Now I'm stuck on the highway and I'm out of gasoline

I'd rather you do you leave my stupid self to me

Yeah... my stupid self to me

[Refrão]

Ohh let me feel alone

Let me feel alone

Let me feel alone

[Final]

Your're just a stranger I use to feel safe

But come to find out you're the danger

How did I let you under my skin

You were a liar, you were my lover, you were my sin

You were my sin
