 Intro: C G Am F Fm

Hey there shadow  
 you didn't seem to care at all when you watched me go  
 I know young love is just a dream, we were only seventeen  
 But you're the only love I've known  
 So please just let me go if you're done  
 'Cause it's hope that kills this heart  
 So please set me free, kill the spark  
 I've been gone  
 from this world for what seems like millennia  
 Looking for nothing short of a miracle  
 I only ever wanted to come home  
 please won't you let me go  
 When I have no where left I can run away  
 will you lie to me tell me I'll be okay  
 Close my eyes and lay me in my tomb  
 Then pull the trigger and send me home  
 So how did I get so far from my yesterdays  
 Another broken heart now just a memory  
 I should've left you in the dark  
 I should've left this awful town

And never found out how to love  
 So why do I not know about the things that you regret?  
 When love went down and over and done  
 Get away from me and leave my heart under the rug  
 I've been gone  
 from this world for what seems like millennia  
 Looking for nothing short of a miracle  
 I only ever wanted to come home  
 please won't you let me go  
 When I have no where left I can run away  
 will you lie to me tell me I'll be okay  
 Close my eyes and lay me in my tomb  
 Then pull the trigger and send me home  
 Send me home  
 Base solo: ( F G C G Am F Fm )  
 I've been gone  
 from this world for what seems like millennia  
 Looking for nothing short of a miracle  
 I only ever wanted to come home

 Then pull the trigger and send me home...
