

## **Cuco - Summertime Hightimes (feat. J-kwe\$t)**

```
Tom: G
                                                                Baby, come and share ya lovely vibes
                                                                Baby, come and share ya lovely vibes
                                                        Db4
Summertime is the time I like to get high with you
                                                                Baby, come and share ya lovely vibes
It's true
                                                                I'll promise that I'll make you mine tonight
Vibe with me, trip with me
                                                                  R
                                                                Shawty I don't really care
Let me spend my days with you
                                                                We could get drunk in the in the back of the trunk
                                                                You a perfect 10, no gas, no pump
Going up a hill and were on a pretty pill
I'm just around the corner where the clouds meet up
                                                                Sippin on rum, baby, we young
                                                                Shawty, don't ever tell me that you're done
The mills
Happiness is back ain't no one to me but you
                                                                'Cause I wanna get a taste, don't run
And no lies have come along, everything I say is true
                                                                Shawty, you gorgeous, girl, you should know dis
                                                                Gotta so many things I never told ya
If I'm on cloud 9, maybe 30, even 2
Ain't no one bringing me down 'cause my highest is with you
                                                               Summertime is the time I like to get high with you
So grab my hand and now let's go fly away from town
                                                                It's true
Let's get to outserspace, baby, I'm telling you now that
                                                                Vibe with me, trip with me
                                                                Let me spend my days with you
Summertime is the time I like to get high with you
It's true
                                                               Summertime is the time I like to get high with you
Vibe with me, trip with me
                                                                It's true
Let me spend my days with you
                                                                Vibe with me, trip with me
                                                                Let me spend my days with you
```
