

## Current Joys - Kids

Tom: Gb  
Intro: Gb Db B Gb

I am just a kid  
I never use my brain  
I only use my heart  
And my imagination

I am just a kid  
I always make mistakes  
And I never say I'm sorry  
Cause there mistakes that I made

[Solo] Gb Db B Gb

I am just a kid  
I've never seen the world  
And I haven't quite decided

If I'm a boy or a girl

Oh I am just a kid  
I'm afraid of the dark  
But I'm obsessed with ideas  
One day I'll go far

Oh I'm no longer a kid  
And everything has changed  
There's nothing in my heart  
And lightning in my brain

So listen up you kids  
And here what I say  
Don't listen to your brain  
And follow your dreams
