

# Curtis Harding - Next Time

tom:

Intro: Dm Am Em  
Dm G Am  
Dm Am Dm Am

[Primeira Parte]

We could've went to heaven

Put you in your place

Now we're somewhere else

Outer space

I'm staring in the mirror

I broke the fucking glass

Now we're somewhere else

Living in the past

[Ponte]

When we travel on

Get away from you

With a little faith

and some follow through

I will see you there

We could start again as a love affair

Or just as friends

When we travel on

Get away from you

With a little faith

and some follow through

I will see you there

We could start again as a love affair

Or just as friends

[Refrão]

Until next time

Until next time

Until next time

Until next time

[Segunda Parte]

They say it's never over

They say it's never fair

I don't know if that's true

I don't even care

Cause I'm focused on my future

I've settled on the past

I done changed some things, girl

Since you've seen me last

[Ponte]

When we travel on

Get away from you

With a little faith

and some follow through

I will see you there

We could start again as a love affair

Or just as friends

When we travel on

Get away from you

With a little faith

and some follow through

I will see you there

We could start again as a love affair

Or just as friends

[Refrão]

Until next time

Until next time

Until next time

Until next time

(See you later, bitch)
